# Police Dispatch / CAD Call-Log Request

California Public Records Act template — request dispatch logs, 911 audio, and preservation of records

*How to use: Replace everything in [brackets]. Send to the agency's records custodian / Public Records Act desk; keep proof of delivery. Dispatch audio is often kept only for a limited time — send the preservation paragraph (Part 3) as early as you can. Agencies generally must respond within 10 days (Gov. Code § 7922.535).*

**Re: Request for dispatch (CAD) call logs, dispatch audio, and related reports under the California Public Records Act (Gov. Code § 7920.000 et seq.) — with request for preservation**

Dear Records Custodian:

**Part 1 — Dispatch / CAD logs.** I request the complete computer-aided dispatch (CAD) log / calls-for-service record for:

(a) every incident at this address: [Street Address, Apt/Unit, City, CA ZIP]; and

(b) every call for service, from any location, in which the reporting party or the dispatcher named: [Your full name], [alternate spellings or prior names, if any].

For the period: [start date] through [end date / the date of your search]

_____

For each incident, please include: date and time; incident/call number; the reporting party as logged; the nature of the call as dispatched; units assigned; and disposition.

**Part 2 — Audio and reports.** I also request any dispatch audio (911 calls and radio traffic) for those incidents, and any incident or offense reports generated from those calls.

Known incidents that must be included, if any: [date/time — what happened]; [date/time — what happened].

**Part 3 — Preservation.** Dispatch audio is commonly kept on a retention schedule. Please preserve all records responsive to this request — including audio — so nothing is purged while this request is pending.

Electronic copies by email are preferred. If any record or portion is withheld, please identify it and state the exemption relied on, as the Act requires. If fees apply, please notify me of the cost before filling the request.

Respectfully,
